

I do not agree with the possibility of KLOVE being displaced by an LPFM broadcaster providing other programming.
Many friends of mine (myself included)listen exclusively to KLOVE.
It is a positive radio station that I feel comfortable letting my son listen to. There is no vulgarity, sexual innuendo's or foul language spoken by this station. After being assaulted daily by the above mentioned acts, I decided to tune to KLOVE exclusively. This station promotes family, morality and values which is so important to me as a parent today.
PLEASE DON'T LET MY KLOVE BE TAKEN AWAY!!!!
